

Prophecy Heartfelt

05 April 2008

If you allow the Word to penetrate and abide
Imagine then the Holy Spirit is standing right by your side
Imagine when you take a look
Inside that Holy Book
God says, "The Spirit of Understanding will bring you to a place
That's so high and so great
And you will know, like Paul, what is the way that is called Straight
You will not deviate from the way
But in My power and glory you will always stay
You don't have to look to the left, you don't have to look to the right
Because on the inside of you, you will have My strength and My might
You will be able to do things greater than what you could ever think or pray for,"
God says, "On the inside of you, take this Word and store
Let it live there, let it abide
Because the Holy Spirit is standing right there by your side
Ready to teach you and open up My Word so you can really see
That ALL the revivals are coming from Me
But the breaking through in this time is greater than in years you've read of before
Because eye hath not seen, ear hath not heard the things that I have prepared for you
In this day of 2008
Where I already said I'm going to make things straight
So be ready to receive
It's for all who believe
Let your spirit man rise
On the inside
Here, right now, on this night
Understand My power and take My might
You don't have to be in reaction anymore
You can let your spirit rule
That is My creation destiny for everyone in this place
Because upon you, I will shine the glory of My face."
