

# *Prophecy*

Pastor's Conference

13 February 2008 - Wednesday Session 1

---

You will realise it's spiritual and not natural  
Because power will be released and you will see  
There's a power like you did not see before  
You will think things that seemed so unimaginable  
Because out of your innermost being will flow stuff  
That'll bring supernatural revelation to your mind  
That'll connect to your heart and say  
"This must be the Word of the Lord"

Are you prepared to say

*O Lord, make me spiritual.*

*Give me a tongue that can worship You and not a double-tongue*
