

Prophecy B

Pastors & Leaders Conference
17 September 2008
Session 1

Even if you say nothing,
the seed will germinate and grow.
But when you speak the opposite, you kill the seed.
If you just keep quiet and meditate,
germination will come, and at the right time.
Don't cancel by letting words come
from the tree of Knowledge of Good and Evil,
but let it grow by words coming from the Tree of Life.
Because these are the words that I speak,
they are Spirit and they are life.
So stay at the right tree and see life!
Enjoy life and live.
Amen.
