Pastors & Leaders Conference
18 September 2008
Session 2

If you know the depths that I want to take you into
and then the heights that I want to lift you up to
and the length that I want to lead you into
and the water that I want to flow through you,
you will take the Word from your heart
and put it right into your mouth
and when you speak, you will see me doing whatever you said.
