

Prophecy

04 OCTOBER 2009

My Ushers are well trained
To usher in the rain
The clouds are hanging so thick and dark
They're just about to burst open
Because thousands upon thousands of Christians
have been praying for years and years
But they're posting it by their legalism and tradition
But as soon as you grab the grace and throw away the tradition
I will come in such power and in such glory
And then other people will come with newspapers and they will start writing this story
And say 'My goodness! This has surely come!'
And God says *'Yes, you will see it with your very eye'*
And people say *'O my, O my! Can this truly be?'*
They'll have to acknowledge, because every eye shall see
The glory of the Lord coming from the North and from the West
From the East and from the South
And you will know the glory is coming from Me
Heaven has been opened a long time ago
But the clouds have been gathering and now they're ready to throw
Throw what? Throw out the lightning bolts that will usher in the showers
That'll be for you so that you can prophesy and say what I have to say
And then walk and do what I have to do
And walk My ways and talk My words
And people will be astonished and say -
'Can this be the same people as before?'
God says *'Yes, but know there's plenty more in store!'*
