

# PROPHECY FOR 2010

01 January 2010

---

The year is 2010  
No more asking where and when  
God's promises will come true  
This is the year of the breakthrough!  
Breaking through from 2009 to 2010  
This year you'll know what you did not then  
God will fight and you will stand  
For the Kingdom truly is at hand  
This year you'll know for sure  
That God's Word, it will endure  
What He said, He will also do  
That is bringing the breakthrough  
Where there is no vision, people perish  
But with vision, the Word they'll cherish  
All then who have ears to hear  
The promises are now really here  
And those who have eyes to see  
God says, *Turn in trust to Me*  
And don't hesitate to boldly pray  
Quick answers will now make you say  
Say the good things He now bring  
Things that will make even enemies sing  
Sing for joy and happiness  
Knowing that God is the One Who bless  
Blessings and promises now will flow  
God's children in grace will grow  
Like never before in the history of Man  
With boldness, people in God's presence will stand  
But don't look for destruction and the end  
That is an evil and worldly trend  
Look around and see the Kingdom come  
They with eyes and ears will see it's done  
It's time that unbelievers now will know  
The power and glory where the Spirit flow  
The true and glorious Church will stand  
And make proclamations across the land  
Of God's goodness and God's grace  
They will speak of mercy and they will see God's face  
Then going out from "There", they'll speak  
Of revelation and breakthrough, not just a peek  
Jesus said that He has given us the glory  
Now news reporters will come and write the story  
Of the things God will do in and through you  
So just believe  
And then receive  
That 2009 has brought us to 2010  
No more asking where and when  
Hallelujah!
