

# PROPHECY

15 October 2010

---

And I saw heaven open and behold a white horse  
And He that was seated on this horse was called Faithful and True  
And the armies of heaven followed Him and they were all clothed with white raiment  
And He had a name on His side and no one knew this name  
The name was called *The Word of God*  
And they cried out with a loud voice and said  
*'Thou art worthy! For Thou has redeemed us from every tribe and tongue and nation  
And have made us to be kings and priests unto our God  
For You have washed us in Your blood'*  
So we can come boldly to that throne by this new and living way  
Through the flesh that was rent, that is to be the veil  
So because we are justified by the blood  
And being made righteous by the price that was paid  
For He who knew no sin was made sin  
So that we could be made that righteousness of God  
And because the righteousness of the Law is now fulfilled in us  
Who walk not after the flesh but after the Spirit  
We know that there is now therefore no condemnation  
And if we can come boldly with no condemnation  
Whatever we ask, we have our petitions made  
So it's time to ask and to receive  
Not to ask and ask and ask and never see  
For you have not heard and you have not seen  
I want to take you places where you've never been  
I've said the righteous shall never be forsaken  
But now I'm bringing to you in this place  
A fresh new glory coming by My grace  
As people will behold Me face to face  
It will not be a visionary thing  
It'll be a reality  
And then you will understand the power of the Spirit that will bring you to liberty  
A liberty that you've never known before  
That'll take you to a place where you'll understand there's more and more and more  
So prepare yourself in this day  
And hear the voice that I've been saying and saying and even now do say  
That I will take you to that higher place  
Where you will just soar out above the rest of the human race  
You will speak things and they will come

And you will say, *'This is just how I've seen it in my dream'*  
God says, Yes son, yes daughter  
You can drink and drink and drink from this Holy Ghost water  
And as I fill you up and as you walk on this place  
And as you speak My Word of grace  
You will see the supernatural  
You will understand that you are spiritual  
I will take you out of the natural  
You will no more be carnal  
You will no more be fleshly  
But you will be of the God-kind  
And the way into the Holies you have found  
So grace will now just more and more abound  
So stand up and shout  
Because I'm taking you out  
Out from a low life  
Of envy and strife  
Taking you to a place of the Spirit  
Soaring higher and higher and higher  
and higher and higher and higher and higher and higher

...
