---

It's in following Me  
That new dimensions of life you will see  
Strange happenings will occur every day  
And you will see it in every way  
It will not be the old and the normal anymore  
Because you will realise, I'm taking you by the hand  
And leading you to the life of everlasting, everlasting  
Everlasting, eternal, immortal  
There will be an abundance like you have never seen before  
Glory is your portion  
You will hear My voice without distortion  
You will know and you will understand  
That wherever you go, I'm standing right by you  
I've got you by the hand  
No one can distract you anymore My son  
My daughter, My child, My holy creation  
I have said, *If any man is in Christ, he is a new creation*  
But it is so like people sit in the old and can't see the new  
In the past it was like breaking through was just for a few  
But now you will get it in this day and in this hour  
You will understand that I've got you by the hand  
And I am leading you with Holy Ghost power  
So don't sit and think of yesterday  
Because you will understand what the Shepherd has to say  
He says, *Follow Me*  
*And new dimensions of life you will see*  
Treasures will unfold  
And you will say, 'Isn't this what has been told?'  
Not just for me, but for everyone on the face of this earth  
So take a look inside the Book and see treasures jumping up  
Mysteries being revealed  
And you will know, the treasure is on the inside of you  
Get up! It's time the greater works to do  
Amen
